John J. Dillon, commissioner of the State department of foods and markets, asserted that the advance in bread prices was "hysterical" and unneces sary. Enough wheat was left, he stated for the country's use and for export. Although he gave no evidence of direct conspiracy, he remarked that the raise

The story was unfolded on the way from the psychopathic ward in Bellevue Hospital to the White Plains jail, where he was locked up charged with the killing of Henry Morn and other limites of the Odd Fellows' Home.

NEW YORK, Feb. 12.—The police guard in Chinstown will be increased, it is said. In fear of a tong war following the execution of the death seatences upon Eng Hing and Lee Dock in Sing Sing last week. Letters warning of an impending battle between the On Leong and the Hip Sing tongs have been received by the district attorney. Acting on information turned over to Edwin M. Stanton, Assistant United States District Attorney, Federal inspectors went to the home of Lee Fong, formerly editor of a Chinese newspaper, and arrested Fong and Lee Sing. Magistrate Deuel, in the Tombs court, held Fong in \$1,000 bail on a charge of having a revolver in his room. Sing, in addition to a gun, had a quantity of opium, it is charged. Bail in his case was fixed at \$2,000.

Fifteen Chinese and May Kelly, a white girl, known as "The Queen of Chinatown," were surprised in Fong's room. Under Sing's coat the inspectors found a builet-proof armor, cunningly woven of slik and fine wire. NEW YORK, Feb. 12.-The police
